LG Smart (Apps, Web Browser)
Audio Return Channel
Built-In Wi-Fi
SmartShare (DLNA)
Netflix

Aramid Fibre Speakers

LG has utilised Aramid Fibre in the midrange speaker cones; this inclusion improves the durability and strength of the speaker cone for clear powerful sound.

Audio Capabilities

Dolby TrueHD
DTS-HD Master Audio
FLAC lossless file playback

Wireless Rear Speakers

The rear speaker audio signals are transmitted wirelessly to the rear receiver module, reducing messy wires from the front to the rear of the room.

Bluetooth® Streaming

Enjoy your favourite music on mobile devices through the LG Home Theatre system with wireless audio streaming via Bluetooth® technology.

Music Transmission (CD/USB Multi-Room Streaming)

Stream your CD and USB audio files to other Music Flow Wi-Fi speakers on your network.

Direct Access to Premium Contents

Easy access to Premium Contents such as YouTube, Netflix and much more!

Private Sound Mode

Ensure the rest of the family isn't disturbed when you want to enjoy a late night movie. Send sound directly from your Home Theatre to your smartphone or tablet via the home router and enjoy with regular headphones.
